

Module 3 - Strategic Environment Brief Evaluation Instrument (Individual Presentation)

Overview

Students will choose one (1) country from the list on the last page of this document. Students will work individually to research their chosen country with the goal of creating a presentation for their flight. This assignment will require critical thinking as well as application of knowledge gained during prior modules.

The objective from the National Military Strategy, "...enable a robust understanding of the strategic environment, including a deep awareness of our adversaries and ourselves, ally and partner equities, and the future character of warfare."

Note: Countries marked with an asterisk () must be covered by a student from each flight. Students will use different countries within their flights. Students will not study their home country.*

ALL INFORMATION MUST BE UNCLASSIFIED

Details

Conduct research using documents located in the student resources in LMS, AU library or open source to answer the following:

- Identify the country's national interests (Examples: political, security, economic interests)
- Identify why the country is a competitor or partner to the U.S. using facts and examples
- Identify the country's capabilities across multiple points on the competition continuum
- Identify the country's Center of Gravity
- Give at least two concrete examples of the country's use of instruments of national power (DIME-FIL) and intergovernmental & interagency organizations which support country's interests
- Explain what SNCOs need to understand about country to maintain U.S. National Security

Specifics

- Presentation must not exceed 10 minutes in length (grading stops at 10 minutes)
- **Must include two references**, use peer-reviewed articles/publications; one reference must be from a hard copy publication (digital publications acceptable) and the other reference can be from an on-line source peer reviewed periodical (no personal blogs or journals). Integrate and qualify all sources
- Use at least two visual aids (Examples: pictures, videos, maps, etc.) concise and professional
- Score at least a 70% per the evaluation instrument to pass
- Use time allotted in the schedule to research and develop presentation
- **Provide instructor with outline of presentation and upload in Canvas**

Use AFH 33-337, The Tongue and Quill to assist in preparing for this assignment.

NOTE: *Students will deliver their presentations as if they are briefing their home organizations*

A key takeaway is that students can use what they produce to brief their home organizations on the strategic environment
