

Personal Refinement Strategy (Briefing)

Overview

Building upon what you learned at AFSNCOA, reflect on Modules 1-4 and prepare an oral presentation describing your ***Personal Refinement Strategy (PRS)***. A PRS is both a statement of leadership growth and a plan to continue refining leadership abilities. Do so by synthesizing AFSNCOA concepts with areas of improvement and personal strengths. The PRS brief has several purposes: First, it provides each speaker a platform to share their leadership journey. Second, relaying personal reflection reinforces lesson concepts. Third, the briefings enable students to have a “take home” plan for continued leadership growth centered upon their experience at the AFSNCOA. Lastly, it allows students a final opportunity to establish connections to the AFSNCOA Program Learning Outcomes through hearing other students’ briefings.
