

Module 4 – Plan of Action Briefing

Overview

Upon completion of all modules of instruction and all associated Strategic Focus Lab requirements, each group will create a detailed plan of action based on their selected COA. The plan will be delivered as a briefing consisting of three (3) areas, not to exceed 45 minutes. This assignment will require critical and creative thinking as well as application of knowledge gained throughout prior modules of instruction.

ALL INFORMATION MUST BE UNCLASSIFIED

Concepts

- Utilize the material presented and conduct research using documents located in the student resources section in the LMS or open source to answer the following:

Details

1. Analysis of the Challenge

- Provide a summary of the current state of your focus area challenge
 - Introduce your challenge and describe why it's important
 - Discuss the impact of your challenge at the strategic level
 - Identify key issues associated with your challenge
 - Identify existing approaches to your challenge
 - Identify the implications of the challenge, if left unresolved

2. Detailed Plan of Action

- Identify and discuss
 - The plan of action
 - The expected outcomes
 - How it is unique from existing approaches
 - How it does or may resolve the challenge

- Identify and describe the required resources to support the plan
- Identify and describe key milestones associated with implementation of the plan

Module 4 – Plan of Action Briefing

- Identify and describe the associated risks and how you plan to mitigate them
- Identify and describe the associated performance metrics to support the plan

3. Leadership Application

- Explain the integration and synchronization required of leadership at all levels to implement the plan
- Explain the key virtues a senior enlisted leader should possess to effectively implement this plan
- Explain the specific elements of critical and/or creative thinking your group leveraged to analyze the challenge
- Explain the specific elements of critical and/or creative thinking your group leveraged to develop the plan

Specifics

- Describe: Requires information and details in a straightforward manner
- Discuss: Requires analyzing, interpreting, and critically examining a topic in greater depth
- Presentation will not exceed 45 minutes in length (grading stops at 45 minutes)
- Presentation must include two references, cite and qualify all sources
- Upload the supporting products associated with the Module 3 task (listed below) in the LMS NLT **COB DOE 21**
 - COA descriptions and analysis
 - COA comparison criteria
 - Red Teaming results
 - COA selected with justification
- Score at least a 70% per the evaluation instrument to pass
